

Terms

Last updated 16 October 2026

Thuta is a South African ecommerce shop for previous-year exam papers sold as digital PDF and ZIP downloads. Contact hello@thuta.co.za or WhatsApp 063 743 1598.

Orders

These terms apply to purchases from Thuta under the laws of the Republic of South Africa, including the Consumer Protection Act 68 of 2008. Prices are shown in South African rand. A standard-rated price includes 15% VAT unless the product page says the price excludes VAT. Zero-rated and exempt items are marked.

Digital products

Every product is a digital download: a single PDF paper or a ZIP bundle. You receive a private download link after the order is paid. Files are for personal study use unless a school or tutor agreement says otherwise.

Payment

You may pay by card through Yoco, or by cash or arrangement where that method is switched on. The shop never stores the full card number. A card order is paid only when Yoco confirms the payment, or immediately when the amount due is zero. Arrangement orders stay awaiting payment until an admin marks them paid, after which downloads unlock. There is no courier fee for digital goods.

Accounts

You may check out as a guest or create an account. Keep your password private. Alert emails are sent only when you have opted in and the shop has enabled that alert.

Custom bundles

Custom subject packs are quoted before work starts, usually over WhatsApp or email. The contents, price, and delivery of the ZIP are agreed before the pack is assembled.
